For Whom · Eligibility

For Whom Is This Course?

✓ Graduates in Engineering & Science

✓ MBA & Supply Chain / Operations students

✓ Procurement & purchase professionals

✓ Store, warehouse & inventory staff

✓ Engineers & career switchers

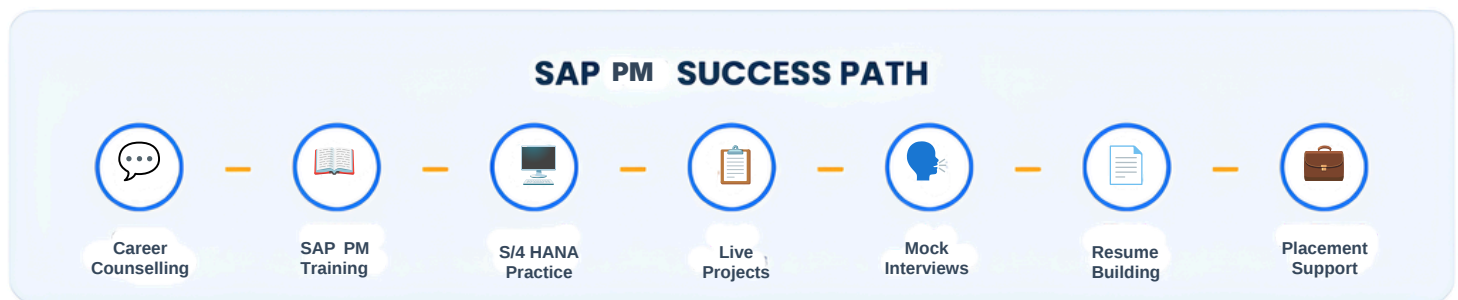

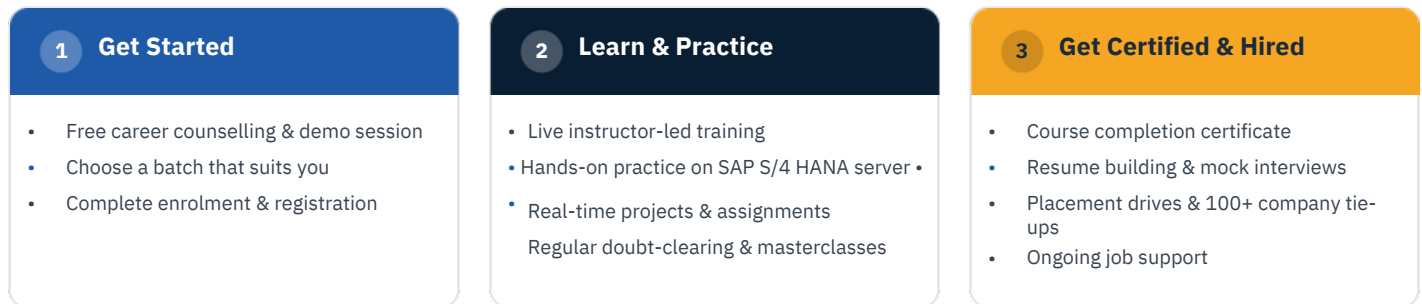

✓ Working professionals upskilling in SAP

Eligibility Criteria

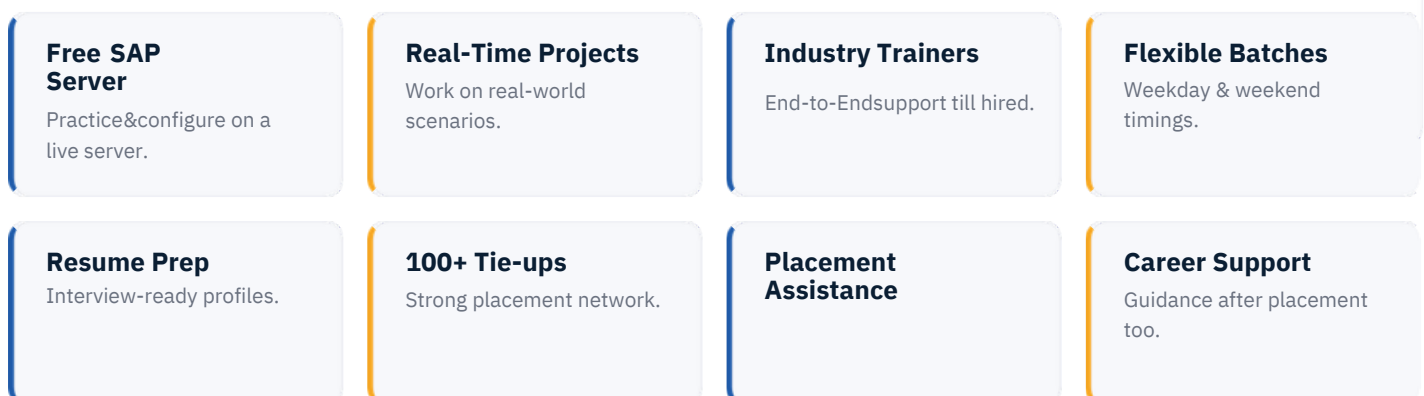

Any Bachelor's degree (Engineering, Science or Management). Candidates from non-technical backgrounds with an interest in SAP and supply chain are also welcome; basic awareness of procurement or inventory processes is helpful but not mandatory.

Learner Journey

A simple, guided path from enrolment to placement.

Why Choose Logic Technologies?

Training Methodology & Certification

Our Training Methodology

Live Projects

Real projects during the course build experiential, in-depth practical understanding.

Practical Pedagogy

A practice-first, hands-on approach keeps every session focused and applied.

Personal Attention

Doubt-clearing and one-to-one support ensure no learner is left behind.

Certification-Focused

Training is aligned to certification and real interview expectations.

Certification Process

1

Complete

Finish the full curriculum with hands-on practice.

2

Assessment

Demonstrate configuration & real-time scenario skills.

3

Certificate

Receive your course completion certificate.

4

Get Hired

Get interview-ready and connected to hiring partners.

What our learners say about training at Logic Technologies.

KR Khushi Raygade

16 May 2026

★★★★★

Had a great experience with Placement Assistance and the mentor network. The trainers are knowledgeable, supportive, and always available to solve doubts. The practical SAP training helped me gain confidence for interviews.

SAP FICO Consultant

VP Varadraj Patil

5 May 2026

★★★★★

Nice guidance and excellent placement support throughout the course. The trainers explained every concept clearly with real-time examples. Special thanks to the entire team for their constant support.

SAP FICO Associate Consultant

RP Rohit Patil

4 April 2026

★★★★★

One-to-one interaction with mentors made learning very easy. The SAP server access and practical sessions helped me understand real business processes. Highly recommended for SAP aspirants.

SAP FICO Consultant

SD Snehal Deshmukh

28 March 2026

★★★★★

The curriculum is well structured and focused on industry requirements. Mock interviews, resume preparation, and practical assignments helped me secure my first SAP opportunity.

SAP FICO Analyst

AM Akash More

22 March 2026

★★★★★

The practical approach of teaching SAP FICO helped me understand concepts much faster. The trainers were patient, supportive, and always ready to clear doubts. Highly recommended for beginners.

SAP FICO Consultant

NK Neha Kulkarni

15 March 2026

★★★★★

I joined with very little knowledge of SAP, but the structured curriculum and hands-on assignments helped me build confidence. The placement guidance was extremely helpful.

SAP FICO Analyst

PJ Pratik Joshi

10 March 2026

★★★★★

Excellent training quality and real-time project exposure. The faculty explained every concept with practical business scenarios, making learning easy and interesting.

SAP FICO Consultant

RP Rutuja Pawar

6 March 2026

★★★★★

The SAP server access and live practice sessions were the biggest advantage of this course. The trainers focused on both technical knowledge and interview preparation.

Finance Associate

SS Sanket Shinde

1 March 2026

★★★★★

One of the best SAP learning experiences I have had. The mock interviews and resume-building sessions helped me prepare for the recruitment process professionally.

SAP Support Consultant

PP Priyanka Patil

25 Feb 2026

★★★★★

The trainers have strong industry knowledge and explain topics in a very simple manner. The learning environment is professional and motivating.
