For Whom · Outcomes · Eligibility

For Whom Is This Course?

- ✓ Engineering & Computer Science graduates
- ✓ Software developers & programmers
- ✓ Functional consultants moving to technical
- ✓ BCA / MCA / BSc-IT students
- ✓ Fresh graduates aiming for SAP technical roles
- ✓ Working professionals upskilling in SAP

Program Outcomes

- ✓ Develop responsive SAP UI5 applications using modern web technologies
- ✓ Integrate UI5 applications with OData services and REST APIs
- ✓ Deploy and optimize SAP UI5 apps on SAP BTP & Fiori Launchpad
- ✓ Build interactive Fiori user interfaces with reusable UI5 controls
- ✓ Implement MVC architecture, data binding & routing concepts
- ✓ Become job-ready for SAP UI5 Developer roles

Eligibility Criteria

Any Bachelor's degree (Engineering, Computer Science, IT or Science). Candidates with basic programming logic or any coding background have an advantage, but freshers with a strong interest in SAP development are welcome; prior knowledge is helpful but not mandatory.

Learner Journey

A simple, guided path from enrolment to placement.

Why Choose DroIT Solutions?

Training Methodology & Certification

Our Training Methodology

Live Projects

Real projects during the course build experiential, in-depth practical understanding.

Practical Pedagogy

A practice-first, hands-on approach keeps every session focused and applied.

Personal Attention

Doubt-clearing and one-to-one support ensure no learner is left behind.

Certification-Focused

Training is aligned to certification and real interview expectations.

Certification Process

1

Complete

Finish the full curriculum with hands-on practice.

2

Assessment

Demonstrate coding & real-time scenario skills.

3

Certificate

Receive your course completion certificate.

4

Get Hired

Get interview-ready and connected to hiring partners.

Placements & Hiring Support

KR

Khushi Raygade

16 May 2026

Had a great experience with Placement Assistance and the mentor network. The trainers are knowledgeable, supportive, and always available to solve doubts. The practical SAP training helped me gain confidence for interviews.

SAP FICO Consultant

VP

Varadraj Patil

5 May 2026

Nice guidance and excellent placement support throughout the course. The trainers explained every concept clearly with real-time examples. Special thanks to the entire team for their constant support.

SAP FICO Associate Consultant

RP

Rohit Patil

4 April 2026

One-to-one interaction with mentors made learning very easy. The SAP server access and practical sessions helped me understand real business processes. Highly recommended for SAP aspirants.

SAP FICO Consultant

SD

Snehal Deshmukh

28 March 2026

The curriculum is well structured and focused on industry requirements. Mock interviews, resume preparation, and practical assignments helped me secure my first SAP opportunity.

SAP FICO Analyst

AM

Akash More

22 March 2026

The practical approach of teaching SAP FICO helped me understand concepts much faster. The trainers were patient, supportive, and always ready to clear doubts. Highly recommended for beginners.

SAP FICO Consultant

NK

Neha Kulkarni

15 March 2026

I joined with very little knowledge of SAP, but the structured curriculum and hands-on assignments helped me build confidence. The placement guidance was extremely helpful.

SAP FICO Analyst

PJ

Pratik Joshi

10 March 2026

Excellent training quality and real-time project exposure. The faculty explained every concept with practical business scenarios, making learning easy and interesting.

SAP FICO Consultant

RP

Rutuja Pawar

6 March 2026

The SAP server access and live practice sessions were the biggest advantage of this course. The trainers focused on both technical knowledge and interview preparation.

Finance Associate

SS

Sanket Shinde

1 March 2026

One of the best SAP learning experiences I have had. The mock interviews and resume-building sessions helped me prepare for the recruitment process professionally.

SAP Support Consultant

PP

Priyanka Patil

25 Feb 2026

The trainers have strong industry knowledge and explain topics in a very simple manner. The learning environment is professional and motivating.
